Director: Paul W.S. Anderson | Stars: Milla Jovovich, Michelle Rodriguez, Ryan McCluskey, Oscar Pizarro Votes: 269,344 | Gross: 40.12M Zombies are fictional creatures usually portrayed as reanimated corpses or virally infected human beings. They are commonly portrayed as anthropophagous in nature—labelling them as cannibals would imply zombies are still members of the human species, and expert opinions quoted in some of the films below, e.g. Dawn of the Dead, specifically state this is not the case. While zombie films generally fall into the horror genre, such as comedy, science fiction, thriller, or romance. Distinct subgenres have evolved, such as the "zombie comedy" or the "zombie apocalypse". Zombies are distinct from ghosts, ghouls, mummies, Frankenstein's monsters or vampires, so this list does not include films devoted to these types of undead.[1][2] Victor Halperin's White Zombie, released in 1932, is often cited as the first zombie film.[3][4][5] Films 0–9 A B C D E F G H I J K L M N O P Q R S T U V W X Y Z This is a dynamic list and may never be able to satisfy particular standards for completeness.
